

Thanks to the good relationship with COSCO Group and its subsidiary, we can offer the strong fleet of COSCO vessels to worldwide charterers. With modern fleet of over 550 vessels diversifying from 5,000 dwt to handysize & panamax bulk carriers, we can provide you suitable tonnage for any of your shipments.

Besides COSCO, we also coordinate with other Asian owners in operating SEA routes, for example from Viet Nam to the Philippines, Malaysia, South Korea, etc. & vice versa.
